## Overview

### Group Security Trading Policy

#### Description

This policy describes the requirements for dealing in IAG Securities by Directors, Employees and Contractors

Directors, Employees and Contractors must exercise care when dealing in IAG Securities as they may possess Inside Information which could give them an advantage as compared with other investors in forming a judgement about the performance of IAG Securities. Trading by these persons can also cause reputational damage if it occurs at times when they may be expected to be in possession of Inside Information (even if they do not actually possess Inside Information).

This policy forms an important part of IAG's risk management framework and seeks to ensure that all Employees, Contractors and Directors (including their Associates) of IAG Group are aware of their responsibilities when they wish to trade in IAG Securities.

The policy also sets out a protocol for dealing in IAG Securities by Designated Persons.

#### Key Information

IAG fully supports the principle that no person should be advantaged or disadvantaged through the improper use of Inside Information.

IAG expects a higher level of diligence from persons in roles that are likely to be exposed to Inside Information.

#### References and related policies

Dealing in IAG Securities or communicating information may also be subject to IAG Group policies, procedures and contractual arrangements including the:

- IAG Code of Ethics;
- Group Continuous Disclosure Policy;
- Group Fit and Proper Persons Policy;
- Group Remuneration Policy; and
- terms and conditions of employment contracts and terms and conditions of Non-Executive Directors' letters of appointment.

Directors, Employees and Contractors must comply with the requirements of these policies and contracts (as applicable) in addition to the requirements set out in this policy.

#### Further Contacts

Further information about this policy can be sought from:

- Group General Counsel & Company Secretary
- Deputy Group Company Secretary

#### Purpose

The purpose of this policy is to:

- assist Employees, Contractors and Directors by ensuring that they do not inadvertently breach the law by engaging in prohibited conduct in relation to IAG Securities, including conduct known as "insider trading";
- protect IAG and its personnel against damage to their reputation where it has been alleged, or there is a perception, that Directors, senior executives or others may have been trading in IAG Securities when in possession of Inside Information; and
- help IAG meet its legal and regulatory obligations.

This policy contains some general restrictions that apply to all Directors, Employees and Contractors of IAG Group. It

also includes additional restrictions which apply to dealings in IAG Securities by Designated Persons (including PARC Specified Persons) and their Associates. This policy applies at all times; including when a person is on leave (whether paid or unpaid) or on other absences from work such as a career break.

Directors, Employees and Contractors not only need to comply with this policy but also with applicable law, particularly insider trading laws. Irrespective of whether trading occurs in a Trading Window or outside a Trading Window (with consent), no trading can occur if it involves the use of Inside Information.

### **Scope and exemptions**

This policy applies to all IAG Employees, Directors and Contractors.

This policy does not apply to:

- indirect or incidental trading in IAG Securities that occurs as a consequence of a Designated Person dealing in units or shares of a managed investment scheme, listed investment company, exchange traded fund, or similar investment vehicle managed by a third party that happens to hold IAG Securities as part of its portfolio and where the Designated Person is not in a position to influence the portfolio investments;
- acquiring IAG ordinary shares under IAG's Dividend Reinvestment Plan where the Designated Person has made a standing election to reinvest dividends, subject to the conditions outlined in the "Requirements" section below;
- Designated Persons who are issued IAG Securities or exercise their rights to acquire IAG Securities under an IAG Director or employee share, share right or other equity plan, provided that once IAG Securities are issued or transferred to Designated Persons, they or their Associates only trade the relevant IAG Securities in accordance with this policy;
- the transfer of holdings between an indirect or direct holding where the overall beneficial interest of the holder in IAG Securities does not change;
- the disposal of IAG Securities that is the result of a secured lender or financier exercising its rights under a Secured Loan;
- trading by a Designated Person in his or her capacity as trustee of an IAG share or share right plan;
- acquisitions or disposals made pursuant to a takeover offer, scheme of arrangement, equal access buyback or pro-rata issue; and
- transfers of Securities between a Designated Person and their Associate in respect of which consent has been provided or by a Designated Person to his or her self managed superannuation fund (i.e. where there is equal information between that Designated Person and the trustee of the fund).

### **Non-compliance with policy**

Compliance with this policy is regularly monitored, including, through a regular attestation process. In addition periodic monitoring will be conducted by the Internal Audit Function as part of its reviews.

Any breach of this policy must promptly be notified to the Group General Counsel & Company Secretary.

When there is evidence of a breach of this policy, IAG will conduct an investigation to determine the circumstances and extent of the breach. IAG may also have obligations to notify relevant authorities of any insider trading of which it becomes aware.

IAG takes insider trading very seriously. Disciplinary action may result from breaching this policy, which may include termination of employment for Employees and termination of engagement for Directors and Contractors. The disciplinary action will be based on the circumstances and factors such as severity of the breach, if done knowingly and deliberately, the intent, number of breaches, and, if a repeat breach.

Insider trading and communication of Inside Information are criminal offences. If Employees, Directors, Contractors

or their Associates are in possession of Inside Information and misuse it by trading in IAG Securities or passing it on to unauthorised people, serious penalties may apply to IAG and the individual involved in the contravention, including substantial fines and liability to compensate third parties for loss suffered.

Liability for insider trading is strict and so is the requirement to comply with this policy. In considering the consequences of breach of this policy, the purpose or motive for the dealing is irrelevant. It is also irrelevant whether anyone benefited from the dealing or that the transaction had no connection with the Inside Information (e.g. if the transaction had been planned for some time prior to acquiring Inside Information).

## Requirements

---

### Requirements

It is important that public confidence in IAG is maintained. It would be damaging to IAG's reputation if the market or the general public perceived that Directors, Employees or Contractors might be taking advantage of their position to generate financial gains (e.g. by dealing in IAG Securities on the basis of confidential information).

As a guiding principle, before trading or seeking approval to trade in IAG Securities, Directors, Employees and Contractors should apply the following 'front page test':

*If the market was aware of all the current circumstances, could the proposed trade be perceived to be inappropriate for someone in my position? How would it look if the trade was reported on the front page of the newspaper?*

Where consent is required for a trade under this policy, consent will not be granted where the approver does not consider that the dealing would satisfy the front page test.

Directors, Employees and Contractors must not:

- (i) trade in IAG Securities when in possession of Inside Information or when the trade would not satisfy the front page test;
- (ii) give Inside Information to any other person who is likely to use that information to trade in IAG Securities; or
- (iii) pass Inside information onto others to trade in IAG Securities.

Designated Persons (including PARC Specified Persons) may only trade in IAG Securities during a Trading Window if they are not in possession of Inside Information and the trade would satisfy the front page test. Additionally, PARC Specified Persons must receive consent prior to dealing in IAG Securities even during Trading Windows. (see Table 1 for consent requirements)

#### **A – All Directors, Employees and Contractors**

Directors, Employees and Contractors must not:

- (i) deal in IAG Securities at any time if they possess Inside Information or when the dealing would not satisfy the front page test;
- (ii) give Inside Information to any other IAG Director, Employee or Contractor unless there is a legitimate business reason to do so; or
- (iii) give Inside Information to any other person who is likely to use it:
  - a. for deciding whether to trade in those securities; or
  - b. to pass the information onto others for this purpose.

#### **B - Designated Persons**

A Designated Person (including a PARC Specified Person) or their Associate may only trade in IAG Securities during a Trading Window except where the Chairman has expressly consented to a trade outside a Trading Window due to Exceptional Circumstances and then only if the Designated Person or Associate is not in possession of Inside Information at the relevant time and the trade would satisfy the front page test.

## Requirements (continued)

### **C - PARC Specified Persons**

A PARC Specified Person or their Associate may only trade in IAG Securities during a Trading Window:

- (i) if they are not in possession of Inside Information at the relevant time;
- (ii) if they have received prior consent to trade (see Table 1 for consent requirements); and
- (iii) the relevant PARC Specified Person has complied with any conditions on trading in IAG Securities that have been imposed.

### **D - No speculative trading in IAG Securities**

Designated Persons must not engage in short-term or speculative trading in IAG Securities.

### **E - Transactions that limit economic risk of entitlements to IAG Securities (i.e. Hedging)**

#### *Unvested entitlements to IAG Securities*

The following persons may not enter into transactions or arrangements which operate to limit the economic risk of unvested entitlements to IAG Securities (such as Executive Performance Rights, Performance Award Rights and Deferred Award Rights):

- (i) Designated Persons
- (ii) Persons in Responsible Person roles, as defined by the Group Fit & Proper Persons Policy, excluding
  - Appointed Auditor, Responsible Auditor and Group Auditor
  - Any external Appointed Actuary and the Reviewing Actuary

#### *Vested entitlements to IAG Securities which form part of Mandatory Holdings or which are subject to trading restrictions*

IAG Directors, the Chief Executive Officer and Group Leadership Team are prohibited from entering into transactions or arrangements which operate to limit the economic risk of their vested IAG Securities which form part of their Mandatory Holding of IAG ordinary shares or which are subject to a holding lock or other similar trading restriction.

### **F - Dividend Reinvestment Plan**

Designated Persons may only elect to participate in IAG's Dividend Reinvestment Plan or change their election during a Trading Window.

## Requirements (continued)

### G - Secured Loans

IAG Legal & Board Services will monitor on an ongoing basis (from the relevant Forms 3X, Y and Z lodged with the ASX) the percentage of each class of IAG Securities held in aggregate by the Directors of IAG (and, where relevant, their Associates) and will notify the Chair of the PARC immediately should their aggregate holding of any class of IAG Security reach 1%.

Immediately following such a notification, IAG Legal & Board Services will require each IAG Director to notify the Group General Counsel & Company Secretary of any Secured Loan to which they or an Associate are a party in relation to IAG Securities and the key terms of each such Secured Loan (as determined at the relevant time by the Group General Counsel & Company Secretary).

The PARC will determine from time to time whether an announcement is required under ASX Listing Rule 3.1 in relation to any Secured Loans notified to the PARC in accordance with the above.

If an announcement is required, it will be made in accordance with the IAG Group Continuous Disclosure Policy.

### H. Record Keeping

PARC Specified Persons must keep and make available to the Group General Counsel & Company Secretary on request, a record of all dealings in IAG Securities by themselves and their Associates, in the form of a record of every trade, including any supporting materials.

Provided they are not in possession of Inside Information, a PARC Specified Person who wishes to trade in IAG Securities during a Trading Window must complete a Trading Consent Request (Annexure A) which is to be emailed to [trading@iag.com.au](mailto:trading@iag.com.au) for consideration and, if considered appropriate, consent by the Group General Counsel & Company Secretary or Chairman as the case may be.

---

## Consent requirements

### Chairman's approval required for Trading outside a Trading Window

A Designated Person who asks to Trade in IAG Securities outside a Trading Window due to Exceptional Circumstances must first complete an Exceptional Circumstances Trading Consent Request (see Annexure B).

Consent to permit a trade due to Exceptional Circumstances will only be considered if the Exceptional Circumstances Trading Consent Request is accompanied by sufficient evidence (in the opinion of the IAG Chairman) that the proposed Trade in IAG Securities is the most reasonable course of action available in the circumstances.

The relevant Designated Person or PARC Specified Person will receive written notification of the Chairman's decision in response to the Exceptional Circumstances Trading Consent Request and if consent is granted, then that decision will also specify the applicable period within which the trade must be completed. A copy of the Chairman's decision will be retained by the Board Services Team.

For the avoidance of doubt, a waiver granted under the policy to permit a Designated Person to trade in IAG Securities in Exceptional Circumstances does not constitute a waiver from the requirement to comply with insider trading laws.

**Consent requirements (continued)**

Each person remains responsible for their own investment decisions and their compliance with applicable law (including the insider trading prohibitions) and this policy.

PARC Specified Persons and Designated Persons who deal in IAG Securities outside a Trading Window must submit a completed Notification of Dealing (Annexure C) to the Deputy Company Secretary & Legal Counsel.

**Consent Process**

**Consent Process** The Group General Counsel & Company Secretary will review the trading request and seek consent or provide consent as described below.

**Table 1**

Consent Request From	Approved By
Designated Person (including PARC Specified Persons) trading outside a Trading Window	Chairman of the IAG Board
PARC Specified Persons <b>excluding</b> IAG CEO, Non-Executive Directors and Group General Counsel & Company Secretary trading inside a Trading Window	Group General Counsel & Company Secretary
IAG CEO, Non-Executive Directors (except Chairman) & Group General Counsel & Company Secretary	Chairman of the IAG Board
Chairman of the IAG Board	IAG Audit Committee Chairman

The IAG Chairman and/or the Group General Counsel & Company Secretary may determine not to consent to the proposed transaction at a particular time and/or impose conditions or restrictions on the proposed transaction, and are not obliged to provide reasons. If consent is not given, that fact must be kept confidential
