

Diversity, Inclusion and Belonging

Why this is important

1. This Framework outlines IAG's commitment to Diversity, Inclusion and Belonging (DIB). We are committed to creating an inclusive culture where we respect and value the different experiences of our people and harness the opportunity and business benefits that these diverse ideas and perspectives bring to our organisation and stakeholders.
2. Our purpose is to make your world a safer place, and to do this, we need to attract and retain the best people who are passionate about our customers, with a broad range of skills, experiences and frames of reference. This will enable IAG to drive innovation, competitive advantage and in turn, deliver improved financial performance.
3. This Framework is designed to describe our approach to building a diverse and sustainable workforce that is reflective of the customers and communities we serve, creating a culture of inclusion, and fostering a sense of belonging for our people.
